

Grants Committee

Minutes of Meeting 4/28/17

The Grants Committee convened at 9:30 am, as previously scheduled, at The Municipal Building, 237 Seventh St, West Easton, PA.

Present were Chairman Matthew Dees and committee member Dan DePaul. Committee member Thomas Nodoline was absent.

Business Discussed:

- 1) The possibility of obtaining a grant for the Safety First Vol. Fire Company. The grant would provide up to \$7,000 in matching funds. The question arose of whether West Easton would qualify for the grant, to be used for donation purposes in 2018, or because Safety First is not under Borough Control, if Safety First would have to apply for the grant.

It was agreed that we would request the Borough Manager to notify Safety First Fire Chief of the Grant.

- 2) Discussion of the next round of Casino Grants. The past attempt to secure a grant for a Public Works Building failed. We believe that that the amount of money requested for a new building and amenities it included was an overreach. The consensus was to apply again for a grant toward a Public Works Building, but the requested amount should be lowered, as should the scope of the building desired.

The meeting adjourned at 10:30 am.
